Let it snow

Simple cross-stitch on 11 ct x inch canvas

The stitched area of the finished piece is approximately 17 cm x 18 cm, the widest point being the text area.

Some half-stitches used in scheme.

Limited colour range which can of course be chosen from any brand. Just use the colour chart as an indication of the colours to use.

In the original I have backstitched all around the text using a silver metallic thread. I have used the same thread randomly in some parts of the snowflake to add a little sparkle. You might like to mix darker and lighter shades of blue in parts of the snowflake for added interest.
